A family faces mom's cancer and medical treatments with a huge hair-shaving party. Touching and humorous photographs follow Mom (Debbie) as she and her family go through each step of fighting cancer. In a way that provides clear and non-frightening answers, this personal journey highlights the kinds of questions children have when a loved one gets cancer. A perfect book to help parents, family, friends, teachers, counsellors and all adults to assist children in understanding what is happening during treatments.
