For investigator Brenna Jensen, snowy Riverton, North Dakota, was the ideal home--until it became the target of a serial killer. Not even FBI hotshot Nick Tarver could keep her from trailing the maniac who taunted her, shadowed her every move. Brenna was anything but comfortable with Nick, her bodyguard in black leather. The sexy awman challenged her wounded heart. But as the snow melted and the body count rose, Nick's arms became her only

refuge. For Brenna had uncovered the hit list--  
and her name was next
