All Abby Cahill wanted was a quiet summer job in the beautiful Wisconsin woods. But the hospital where she's filling in turns out to be overcrowded, understaffed and decidedly stretched for cash. And as if she didn't have enough on her hands, the only vacancy in town for "single woman with mutt" is at the farmhouse of wildlife biologist Ethan Matthews, whose son is with him for the season, along with several newborn puppies.

Ethan is a handsome, solitary man who seems to need Abby as much as she needs... Problem is, she'll never find out what she needs. At the end of August she's got to go back to her job in the city teaching nursing. And leave this temporary arrangement, which is starting to feel too darn comfortable. For all three of them.

A hospital at the heart of town.
