"Danced Over the Sea" continues the story of Bess Bennett, now Sinclair, into the 1960s and '70s. Now married to her childhood sweetheart, Ian Sinclair, Bess is blissfully happy - but for the rivalry between her two beloved sons. Dickie, the elder, is the son of Bess's first husband, Greville Philipps, local landowner. Julian, the younger, more artistic of the two boys, was born of her marriage to Ian. As they grow into manhood the jealousy between the two hardens into something stronger, which threatens to destroy everything Bess has worked for - particularly when Dickie, heir to the Philipps estate, starts a relationship with Katie Wright, the attractive daughter of a farm-worker...
