Parents who want to teach their children the fun and finesse of baking will find a firm ally in Kids Baking from Williams-Sonoma. Aimed at children age 6 and up, this volume offers a firm foundation in the art and science of baking. Centered around 30 recipes that kids will not only love to bake but also love to eat, Kids Baking is the primer in a basic like skill that is the schools leave out of today's curriculum. From the principles of kitchen organization to basic baking techniques, this book teaches kids all they really

need to know about baking and didn't learn in kindergarten.
