出版者:Peachpit Press

出版时间:2005-6-13

装帧:Paperback

isbn:9780321334138

Adobe InDesign is taking the publishing world by storm and users are hungry for

breakthrough solutions to their myriad concerns--from how best to manage the program's sometimes unwieldy interface to how to produce quality PDF files. Page-layout guru David Blatner and veteran trainer Anne-Marie "HerGeekness" Concepcion have scoured the online forums, interviewed Adobe engineers, and gathered together answers to over 200 of the most-commonly asked questions. Written in a sassy, fun-to-read style, this book tackles every major InDesign problem with a lay-it-on-the-line solution. Adobe InDesign CS/CS2 Breakthroughs is for anyone who has been using InDesign long enough to realize that the solution to their problems isn't always as obvious as one would expect.
