Take a tour of the San Antonio Zoo through this engaging book, full of beautiful full-color photos of the animals and exhibits. Students will learn that the San Antonio Zoo is unique in that it is built in a quarry. Children will see snow leopards up close, and learn about the Zoo's ongoing efforts to protect the leopards and other endangered species. Students will be amazed to learn about the Zoo's program for raising whooping cranes and getting them ready for release back into the wild.
