Written by experts in the field, this book aims to provide an alternative approach to quality teaching in higher education by deriving a model of good university teaching from the academics which universities have chosen as their best teachers. Award-winning teachers outline their beliefs and practices as a teacher, covering key topics including: assessment; motivating students; planning courses and lessons; teaching large classes; reflection and feedback; and, managing discussion and group work. Illustrated with extracts from interviews with the award-winning teachers, and packed with activities and further reading, this textbook provides a set of principles for good teaching internationally.
