Green Bananas are easy stories for readers ages four to six, a new level just below Blue Bananas. Each book contains full-color illustrations and three simple stories that are linked together. The use of simple vocabulary and speech bubbles make these the perfect introduction to the Bananas series. As their reading skills grow, children can move from one level to the next and read other exciting stories in the Blue, Red, and Yellow levels. There are monsters in Jack's bedroom and he doesn't want to go to bed. But mom has a plan - and soon Jack is guarded by his very own leopard. Together they have amazing adventures, with the help of Jack's imagination.
