Dr Masters here answers the arguments used by healers in support of their methods. He explains Bible teaching on what demons can and cannot do, and how James 5 should be implemented in churches today. He also proves that the conscious mind should always be switched on for spiritual activities. Included is a brilliant assessment of miraculous healing by a leading British medical professor.

‘This volume is a masterful analysis and criticism of the most recent manifestations of charismatic phenomena...The exposition of James 5.13-14 is excellent, and his analysis of the place of the mind in the Christian’s experience is remarkable. The concluding chapter by a medical doctor is also insightful...This is one of the best books on this subject today. It should be widely read by concerned Christian people of all theological persuasions.’ – Bibliotheca Sacra

现在常常听到什么医治大会等等，有时候很担心和害怕，那灵不是出于圣灵！这本书很好的让人意识到这些问题，深入分析的结果很有说服力。
