Is it just Chet, or is everyone acting just a little bit "strange"?

One by one, the students at Emerson Hicky Elementary are becoming mindless goody-goodies. No one talks in class, no one complains about homework--heck, the line to clean the chalkboard erasers is out the door Everyone is acting like . . . well, a zombie.

Chet loves a good nap--but this is one he's got to avoid at all costs. Can he save the school? Or will Chet and Natalie be the next in line at the chalkboard?
