You knew monsters were scary, right? But did you know that monsters feel pretty silly

wearing just their underpants? Or that a car full of peanuts wouldn't come close to satisfying a monster's appetite? Did you know that if a monster had his way, he'd have something much more slimy than candles on his birthday cake? You didn't know? Well, luckily for you, The Monster Show will answer all your questions about monsters. Grab a seat! The monsters behind the curtain will be happy to show you all that you didn't know, and more.
