出版时间:2012-7-25

装帧:Hardcover

isbn:9780415520829

This book looks at human security in China's foreign relations. It discusses the concept and theory of human security, and their implications for China. The book goes on to analyse environmental security issues, including climate change and water resources, as well as looking at issues from an energy consumption perspective. Significant human security issues are then focussed on, including food safety, pandemic disease control, migration, and the human rights implications of China's overseas investment.

作者介绍:

Guoguang Wu is Professor of Political Science, Professor of History, and Chair in China and Asia-Pacific Relations at the University of Victoria, Canada.
