Review

"The book is handy, easy to use, and chock full of practical ideas that can be immediately implemented. It does not bog readers down in theoretical explanations, though it gives just enough background or rationale for each activity to ground them in the 'big picture.'" (Marta Gardner, Literacy Coach)

"As a single source of ideas for facilitators and building leaders, this book is excellent. The author very thoroughly covers the material and the procedures are easy to follow." (Stephen H. Laub, Principal)

"Packed with practical ideas to help facilitators aid groups in collaborating to achieve their goals." (Tools for Schools, Vol. 10, No. 2)

"Easy-to-follow activities that promote teamwork are outlined in this handbook. Although the intended audience is facilitators, educators can also use these tools to improve class community." (Curriculum Connections, Spring 2007) --This text refers to the Hardcover edition.
