The Aldens are visiting Grandfather's friend, Amy, at the Ogopogo Retreat in Canada. Amy rents cabins to tourists who hope to see the mysterious underwater creature, the Ogopogo, swimming in Lake Okanagan. Henry, Jessie, Violet, and Benny can't wait to try and spot the Ogopogo from their cabin. Amy tells the children about a riddle that an old friend left for her in one of the cabins that could lead to a small treasure. The children need to find the treasure, and fast--otherwise, Amy will have to sell the retreat. As the riddle starts to unfold, strange things start to happen around the lake. Something is moving around in the water late at night, and someone doesn't want the Aldens helping Amy. Will the Boxcar Children crack the riddle before it's too late?

The Creature in Ogopogo Lake延续棚车少年系列的特色，篇幅不长，情节流畅，从悬疑重重到柳暗花明，Alden家的四个孩子解谜之旅确实能抓住孩子们好奇的心，推荐十岁左右孩子阅读。
