When Dylan Kowolski agrees to create a display for her high school library, she has no idea of the trouble it's going to cause - for the school principal, her family, her boyfriend Cam and his jock friends, and her best friend Jocelyn. And for Dylan herself. If only her English class had been studying a normal, run-of-the-mill, mundane book like *Lord of the Flies* instead of *Foxfire* things wouldn't have gotten so twisted. Then the world wouldn't have gone into such a massive funk. And then Dylan wouldn't have had to face her deepest fear and the way she was letting it run her life. *Hello, Groin* presents a compelling, realistic and refreshing look at teen sexuality and one girl's struggle to make the difficult choices that face her.
