For readers or listeners of Nora Ephron, Tina Fey, and David Sedaris, this hilarious, poignant, and extremely frank collection of personal essays confirms Lena Dunham - the acclaimed creator, producer, and star of HBO's *Girls* - as one of the brightest and

most original writers working today.

"If I can take what I've learned in this life and make one treacherous relationship or degrading job easier for you, perhaps even prevent you from becoming temporarily vegan, then every misstep of mine will have been worthwhile. This book contains stories about wonderful nights with terrible boys and terrible days with wonderful friends, about ambition and the two existential crises I had before the age of twenty. About fashion and its many discontents. About publicly sharing your body, having to prove yourself in a meeting full of fifty-year-old men, and the health fears (tinnitus, lamp dust, infertility) that keep me up at night. I'm already predicting my future shame at thinking I had anything to offer you with this book, but also my future glory in having stopped you from trying an expensive juice cleanse or having the kind of sexual encounter where you keep your sneakers on. No, I am not a sexpert, a psychologist, or a registered dietician. I am not a married mother of three or the owner of a successful hosiery franchise. But I am a girl with a keen interest in self-actualization, sending hopeful dispatches from the front lines of that struggle."

## 评论

I'm so done with this girl. Can't stand her no more.

-----  
感觉这种散文不太适合有声书呢。。

-----  
翻了三篇，比first love要不细腻多了

-----  
开头确实比较好笑，但是书里充斥着关于nudity，她的vagina之类，真是欣赏不来
