As of the fall 2003 season, MyReportLinks.com Books now offers a complete library of the 42 United States presidents. Each book in the Presidents series explores the life and political career of an American president. Each book includes color photographs, 48 pages, chapter notes, a further reading list, a highlights page, and an index. The Report Links take the reader to the best Web sites, source documents, and photos related to each president.
