This book explains why the "good old days" were only good for a privileged few and why they were unrelentingly hard for most. Sobering, actually. Check it out.

作者介绍:

Otto L. Bettmann is the founder of the famed Bettmann Archive in New York, one of the world's great picture libraries. Its resources, some three million prints and photographs, are used all over the world by publishers, educators, ad men and the audio-visual media.

Expelled during the Nazi regime from his post as Curator of Rare Books at the Prussian State Art Library in Berlin, Dr. Bettmann came to America in 1935 where he established the Archive and became widely known as a graphic historian.

Among his previous publications are *As We Were: Family Life in America*, *A Pictorial History of Medicine*, *Our Literary Heritage* (with Van Wyck Brooks) and *The Bettmann Portable Archive*.

He lives with his wife, an interior designer, in Pound Ridge, New York. During the winter months, Dr. Bettmann directs a new Department of Pictorial Research at the Learning Resources Center of Florida Atlantic University of Boca Raton.
