Blue Eagle is the strong and brave protector of all the animals in Peaceful Valley. Clugar, a wayward and carnivorous cougar, plans to find a meal or two and cause trouble. Working together with Blue Eagle, however, the rest of the clever and resourceful animals in the valley pull together and think quickly, creating a great surprise for the mischievous cougar. Written in a fun-to-read-aloud rhythm, the tale of suspenseful action will teach children of all ages about the value of teamwork and problem-solving.
