As the world's most dynamic region, Asia embodies explosive economic growth, diverse political systems, vibrant societies, modernizing militaries, cutting-edge technologies, rich cultural traditions amid globalization, and strategic competition among major powers. As a result, international relations in Asia are evolving rapidly. In this fully updated and expanded volume, leading scholars from Asia, Europe, and North America offer the most current and definitive analysis available of Asia's regional relationships. They set developments in Asia in theoretical context, assess the role of leading external and regional powers, and consider the importance of subregional actors and linkages. Combining interpretive richness and factual depth, their essays provide an authoritative and stimulating overview. Students of contemporary Asian affairs—new to the field and old hands alike—will find this book an invaluable read.

评论

14年的二版和08年的一版的修正差异非常明显，各位学者对所谓中国“和平”崛起，创建东亚“和谐”秩序的伪善有了更现实的认识。论文质量好到没话说，门槛起点设置很高。

中国伪善？我不觉得中国为了自己的利益有什么错。

ummmmm
