Award-winning author Barbara Kerley has written a charming, heartwarming book about parent and child togetherness worldwide. You and Me Together is ideal for reading aloud with children to explain and reinforce the bond between moms, dads, and kids everywhere. The pages are illustrated with gorgeous imagery from National Geographic's stunning archive, capturing the universal bond between children and

parents across the cultures of our diverse world. The text takes a themed look at cultures around the world. A map shows the location of each photograph and helps the reader connect to each place. Everywhere these wonderful images take us, children and parents are seen sharing the simple activities and joys that add together to forge the universal family of mankindFrom the Trade Paperback edition.
