Most ladybugs fly from place to place - but not the Very Lazy Ladybug She would rather sleep all day and all night. But when she decides it's time to move to a more comfortable place, she has to find some way to travel. She tries to hitch a ride on a kangaroo, a tiger, a crocodile, and others, but none of them work well for her... until she hops onto an elephant's trunk. When the elephant sneezes, he inadvertently causes the Very Lazy Ladybug to fly at last A board book quality pop-up on the last spread highlights the ending of this title.
