One of the Smithson Group's elite force, Christian Bane's also the walking wounded, haunted by his past. Something about being betrayed by a woman, then left to die in a Thai prison by the notorious crime syndicate Spectra IT gives a guy demons. But now, Spectra has made a secret deal with a top scientist to crack a governmental encryption technology, and Christian has his orders: Pose as Spectra boss Peter Deacon. Going deep undercover as the slick womanizer will be tough for Christian. Getting cozy with the scientist's beautiful goddaughter, Natasha, to get information won't be. But the closer he gets to Natasha, the harder it gets to deceive her. If Natasha isn't the criminal he was led to believe, they're both being played for fools. Now, with Spectra dosing in, Christian's best chance for survival is to confront his demons and trust the only one he can...Natasha.
