Hurricane Anna is coming Noah and his family are getting ready for the storm. First they board up the windows, then they get supplies for the house, like extra food and batteries. They even fill up the bathtub with water for emergency washing and drinking. Finally, they are as ready as they can be. When the storm comes, it howls like a wolf. Noah watches through a peephole as trees bend, rain shoots sideways, and the roof rattles. By morning, the storm has passed. Noah and his family go outside to look around. Everything is inside-out and upside-down But Noah's mom says that they are lucky, they have each other, and everything else can be fixed.
