This board book edition based on the warmhearted hardcover, "Hello Kitty, Hello Love," is the perfect Valentine. When Hello Kitty wants to give a present to Daniel, she asks all her friends for ideas. She considers all sorts of things, like butterflies, singing birds or even a rainbow, but nothing seems quite right. Suddenly, Hello Kitty comes up with an idea she knows Daniel will love. This board book, like the hardcover edition, has a new, red cover, perfect for Valentine's Day or any other occasion to give a gift to the one you love.
