Mishmash is a very friendly dog. When he moves like a cyclone into Pete's heart, his family's new house, and the neighbor's gardens, life will never be the same. But when Mishmash's well-intentioned enthusiasm leads to messy garages and ruined gardens, it's too much for the grownups to tolerate. Pete realizes Mish must go. How he finds a new home for Mish and gives his favorite teacher a wonderful gift all in one accidental gesture makes for a hilarious, lovable story.
