isbn:9781592575794

Extra help to make every task extra easy---- for the latest Microsoft® release.

Just when you mastered Microsoft® Windows XP®, a new operating system comes

along—Vista. The Complete Idiot's Guide® to Microsoft® Windows Vista® shows you how to tackle various procedures, such as recovering files, using new tab features, employing firewalls, deciphering icons, and so much more. With simple explanations, step-by-step instructions, and helpful examples, readers will no longer have to sacrifice their sanity to get work done in Windows.

- Author is recognized for his success in teaching basic skills to newcomers, and is a widely recognized expert author on Windows-based operating systems
