Starting high school is never easy. Seniors take your lunch money. Girls you’ve known forever are suddenly beautiful and unattainable. The guys you grew up with are drifting away. And you can never get enough sleep. Could there be a worse time for Scott’s mother to announce she’s pregnant? Scott decides high school would be a lot less overwhelming if it came with a survival manual, so he begins to write down tips for his new sibling. Scott’s chronicle of his first year of bullies, romance, honors classes, and brotherhood is both laugh-out-loud funny and touchingly wise.
