出版者:Partners Pub Group Inc

出版时间:2007-4

装帧:HRD

isbn:9780942235739

Agate is a moose with low self-esteem. He feels inadequate and plain, like an ugly brown rock, especially when he compares himself to his beautiful friends who are named after birthstones. These friend help Agate to see that just like his namesake, true beauty lies within. Stunning original watercolors, a witty, positive message about self image plus bonus pages with birthstone and agate facts. Perfect for reading aloud.
