This bestselling book inspires teens to break out of the box and explore the world available to them. Inside they'll find how-tos on things they won't learn in high school, like how to host a film festival, plan a first road trip, make a podcast, write a manifesto, or make up with a sibling. Filled with an abundant amount of information and advice for parents, teachers, group leaders and all teens, no matter their creative, social, or academic inclinations
