This book is intended for ages 4-8. Here is a book for toddlers that resolves the dilemma many parents have as they attempt to reconcile their religious faith with the secular celebration of Easter. The author first asks the question: Is this what Easter means? By the end of the story, even the youngest child will agree with the author, "Now I get it, the eggs are fun and the Easter bunny is okay, but Easter's not about that stuff. It's about God's son."
