Kids love to go camping Whether it's in their own backyard or at a campground; whether it's a short hike on land or a big trip by canoe. Any camping outing can be a fun and exciting way to experience and explore the outdoors and learn about nature. This book discusses where to go, what gear is needed, what food is a must, how to leave-no-trace at the campsite, and much more. Photos and illustrations help the young reader learn many important skills, such as choosing tents and sleeping bags, setting up camp, building a campfire, animal-proofing the site, and staying safe in the outdoors. Includes index for easy reference to topics of interest.
