Children ask Why? when a parent has to leave This is happening more and more frequently for National Guard families today. In simple text and pictures, My Daddy is a Guardsman lets kids know that daddy (and mommy) has an important job: helping poor people around the world, capturing bad guys, and making the world a safer place to live. Building on Kirk and Sharron Hilbrecht's success with their first title, My Daddy is a Soldier, a special edition of My Daddy is a Guardsman was produced for the National Guard as part of their family relations program, Your Guardians of Freedom. My Daddy is a Guardsman is now also available as a trade edition.
