著者:Littell, Robert

出版者:Penguin USA

出版时间:2006-5

装帧:HRD

isbn:9781585678167

In one of his most original novels, Robert Littell explores the relationships between randomness and God, chaos and sex, a butterfly tattoo and occasional rain, the going and the getting there. The Visiting Professor is a delicious post-Cold War romp through a chaotic contemporary America.
