isbn:9781580112796

"Ultimate Guide to Trim Carpentry" shows how easy it is to enhance any home by adding decorative trim work or moulding - the right way. This book takes a practical, no-nonsense approach to trim work design and construction. Sections on specific

styles help readers choose the type of moulding that best suits the design and character of their homes. The beautiful, eye-catching photographs of real rooms provide inspiration for dressing up any space that lacks texture or ornament. Renowned woodworker Neal Barrett details the techniques that ensure professional-looking job every time. Even novices will be able to install door and window casings, chair rails, crown mouldings, and much more like a pro. With simple, straightforward instructions on installing the most popular types of moulding, this title offers: a design guide that shows readers how to pick the trim work and moulding that will work best in their homes; tips on installation techniques from a renowned woodworker; and a guide to the tools and materials readers need to obtain the best results.
