No matter how big or small the job. The Complete Cabinetmaker's Reference is an indispensable resource for cabinetmakers. This handy, comprehensive guide does the homework for the reader, with: Complete cutting lists for all standard-sized cabinets

for the kitchen, bathroom, den and bedroom, along with a list of types and quantities of materials needed; Step-by-step instructions illustrated with informative photographs; Tips on building cabinets that will last a lifetime; Convenient spiral binding that allows readers to easily photocopy the pages In addition to standard-sized cabinets, readers are also shown how to adapt the projects to build custom-sized pieces.
