Get ready to capture the dynamic capabilities that Adobe® Premiere® Pro 2.0 has to offer! This workbook is the perfect complement to the Adobe Premiere Pro 2.0 Revealed text and contains end-of-chapter exercises to make it easy for students to practice the skills learned. This companion text provides the tools needed to help students use what they've learned in the main textbook and develop the confidence to create amazing videos using Adobe Premiere Pro. Also available with the book is an Instructor Resources CD containing PowerPoint® slides for each chapter, a test bank, lecture notes, and solutions.
