The Semantic Web
The Semantic Web_下载链接1_

著者:Cardoso, Jorge (EDT)

出版者:Springer Verlag

出版时间:2007-10

装帧:HRD

isbn:9780387485300

This professional book provides a series of case studies which give examples of real benefits to be derived from the adoption of semantic web based ontologies in real world situations, such as telecommunication, B2B integration, tourism, education and more. The book is designed to create platforms for bringing experts together (key

government representatives, industry and academia) from different countries, and to compile the most recent use of semantics and ontologies.
