isbn:9780470114599

* Reporting Services is a powerful tool for SQL Server 2005 database administrators, developers, and other IT professionals, enabling them to make sense of the immense

amount of data generated by enterprises of all sizes* Shows readers how to create, manage, and distribute information as well as how to design, produce, and distribute reports that meet the needs of the stakeholder* Contains practical insights and real-world solutions not found in other books* Bridges the gap between those who manage data and those who need it
