出版时间:2007-3-23

装帧:Paperback

isbn:9780470104859

Chart a course for more effective data analysis with Access 2007. With this resource, you'll learn how Access 2007 offers powerful functionality that may be better suited to your data analysis needs. Learn to analyze large amounts of data in meaningful ways, quickly and easily slice it into various views, automate redundant analysis, and

save time—all using Access. If you know a bit about table structures and formulas as well as data analysis, start thinking outside the chart.
