

Excel 2007 PivotTables and PivotCharts

[Excel 2007 PivotTables and PivotCharts_ 下载链接1_](#)

著者:Aitken, Peter G.

出版者:John Wiley & Sons Inc

出版时间:2007-4

装帧:Pap

isbn:9780470104873

Devoted entirely to PivotTables and PivotCharts, this book shows you how to take full advantage of these powerful tools, which enable you to pull meaningful information from masses of seemingly meaningless data. Loaded with illustrations and real-world examples, it takes you step by step through creating a PivotTable; formatting, filtering,

and grouping data; creating PivotCharts from those data; and more. You’ ll learn to work with multidimensional data, how to create and manipulate PivotTables using VBA, and—most importantly—you’ ll discover what these tools can do for you.
