"No horsefeathers, this is a surefire bet for young equestrians." —Booklist

Do you love horses? Do you love the way their noses are silky-soft but bristly too? And the way a horse's tail slowly swishes as he rests in the shade with eyes half-shut? Do you love to see them trot, canter, gallop, buck and rear? Every child who has ever clambered up the back of a pony or dreamed of owning a horse will delight in A FIELD FULL OF HORSES. Full of interesting facts about horses, this handsome book captures

the very essence of horses for the very young.
