Make sure your toddler has all of the skills he or she needs to succeed in pre-kindergarten-- and fill up play time with hours of challenging fun--using this giant collection of exercises, games, and activities that put excitement and pride into learning. "Get Ready for Pre-K" focuses on early learning skills such as how to write the alphabet, count from one to ten, name the colors and shapes, and master such concepts as opposites and same/different. Rounding out the book are mazes,

color-by-number and connect-the-dot pictures, and more. There is even a special "graduation" certificate included to celebrate the completion of the tasks in "Get Ready for Pre-K."
