What a rocking riddle collection! There's simply no other that's so hilarious and covers so many topics...and kids will have to be pretty darn smart to come up with the answers. But they'll really enjoy giving it their best shot—and making adults squirm when it's their turn to try. “Starting from Scratch” takes a comic approach to history as it should have happened; “What's Eating You?” serves up funny yummy food jokes; “Fit to Be Tied” laughs at the world of sports. Here's a sample from “School Daze”: Are you in the top half of your class? No, I'm one of the students who make the top half possible. Plus, dozens of cartoons add to the goofiness.
