isbn:9781571201027

This quilting guide demonstrates a "no rules" fabric collage technique and shows how to create free-style quilt designs. There are step-by-step instructions and three different patterns for fish designs, as well as advice on making flowers and butterflies.

The author's collage technique involves cutting fabric shapes freehand or using a pattern, building up layers as you go. Once the design is in place, you're ready to machine quilt. There are hints on choosing fabric, drawing your own patterns, and finishing as a bound quilt or framing under glass.
