isbn:9780321220448

The list of new creative features in Illustrator CS is a long one -- too long for users to noodle around with and learn on their own effectively and efficiently. Here to take intermediate-level Illustrator users straight to the heart of the matter with techniques that will allow them to use Adobe's graphics powerhouse ever more creatively is one of

the true masters of the medium:former Adobe Creative Director Luanne Seymour Cohen. In this instructiveand inspirational guide, Luanne offers all the tips and techniques readers needto use Adobe's popular graphics program in ever more exciting ways. Inaddition to honing in on Illustrator CS' new features -- improved PDF support,expanded print capabilities, XMP support, and more -- Luanne shows readersjust how far they can take Illustrator's many advanced capabilities. Usingbeautiful four-color artwork to inspire and the design and approach of Adobe'sClassroom in a Book series, this volume is the answer to power users' prayers.
