When sleep was at its deepest, night at its blackest, up from the mist-filled marsh came Grendel stalking . . . Thus begins the battle between good and evil, for lying in wait and anxious to challenge the ogre Grendel is a young man, strong-willed and fire-hearted.

This man is Beowulf, whose heroic dragon-slaying deeds were sung in the courts of Anglo-Saxon England more than a thousand years ago. Award-winning author and illustrator James Rumford forges his own account of Beowulf with the few Anglo-Saxon words still present in our language. These ironstrong ancient words recall the boldness of the original poem and, together with Rumford's pen-and-ink illustrations, they fashion an unforgettable story of a hero who never gave up--no matter how difficult the struggle--no matter how deep and dark the night.
