Parties, games, amusement parks, haunted houses, sleepovers--these are just some of the appealing topics children will find in this collection of simple, fun searches. Each puzzle is organized around a single letter or subject, and there's a word list to guide them as they look. As kids become involved in solving such puzzles as "Parts of the

Body," they'll learn to recognize basic, important words--including " arm," " leg," "knee," "wrist," and "toe"--and improve their vocabulary. It's an enjoyable way to set the stage for future reading success.
