Ginger's mother, Coco, used to be an exotic dancer, though now she makes her living selling sex toys and teaching classes like "The Fine Art of Striptease." A straitlaced, self-respecting twenty-five-year-old, aspiring pastry chef Ginger has no desire to follow in her mother's high-heeled footsteps. She's too busy trying to convince her sadistic French cooking school instructor of her talents in the kitchen.

When Ginger gets sweet on a fellow student, she finds herself ill-equipped in the art of seduction. And when she discovers she has a reputation for being "just one of the guys," suddenly, she's looking for some motherly advice on how to catch the man she loves.
